

11-1-11

To: Tom Dodson

My husband and I have had the experience of having foundation work done on 3 houses within the last 20 years. I have lived in this area for over 50 years (in Mesquite and East Dallas) and he has lived in this area for over 30 years. We have been active members of St. Pius for too many years to count.

The summer of 2011, as you probably know, was extremely hot and very little rain. The more we looked around the house the more we realized that we had foundation problems. Doors were not shutting and cracks were appearing in all the rooms in the house. We were both beside ourselves and Bob finally decided to call the Better Business Bureau and get the phone numbers of foundation companies that had received little or no complaints. One of the names he received was Dodson Foundation.

It was on a Saturday – but Bob went ahead and called the Foundation Company and Tom answered. Bob was so relieved when Tom said that he would be out the next day to assess the problem. Bob and I were both relieved when we learned that the problem – would not cost near as much to fix as we had both anticipated and that his company would begin working on it later that week.

True to his word – the workers were here later that week – and as quickly as they worked – we noticed doors shutting and cracks disappearing.

We highly recommend Dodson Foundation. Bob & I can definitely say that this is the only letter of recommendation we have had written for anyone.

We both agree that we hired Dodson Foundation because of Tom and the character that he represented to both of us. The fact that the BBB had no complaints entered into our decision. We did not go out and get other bids – we felt although maybe we could have gotten a lower bid – the QUALITY of work and the company name and reputation was more important than any savings we could have received from anyone else.

Bob & I hope this helps you in making a decision. We receive no financial benefits from the company and did not know Tom before hiring him to do our foundation. We do not expect to receive any financial benefits now or in the future.

Sincerely,

Bob & Phyllis Green
