To Whom It May Concern:

Last fall, I discovered what I thought was a foundation problem in my house. I contacted Dodson's Service to inspect the house and the problem. Upon inspecting the problem, Mr. Tom Dodson informed me that it was not a foundation problem, but a drainage problem. I contracted with Dodson's Service, to fix the problem.

My drainage problem was fixed quickly, efficiently and professionally. I was very impressed with the service that was given to me by their personnel. I would not hesitate to recommend Dodson's Service, and do so
Enthusiastically.

Sincerely,

Geoffrey L. Condren
