

Dodson Foundation Repair
P. O. Box 1699
Allen, Texas 75013

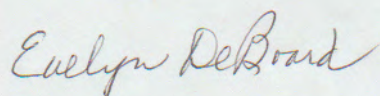

Dear Mr. Dodson:

It is my pleasure to thank you for taking care of my need for foundation repair. The time for making the repair was quick, workmen arrived on schedule and was completed in one day, as promised. I was especially pleased with the way the workmen dismantled parts of the deck, piece by piece, where needed to put the piers, then replaced the parts, cleaned up and hosed down. Very professionally completed.

Thanks to the foreman, Omar, who answered all questions and did a double check on leveled areas upon completion.

Thanks, Mr. Dodson, for your Christian ethics and professionalism and I will gladly refer your company to anyone that may need foundation work.

Sincerely,
