Dodson Professional Contractors
P.O. Box 1699
Allen, TX 75002

Dear Mr. Dodson,

Judy and I wanted to write and thank you for the work you completed for the drainage problems we had. Since you have finished, we have had no further problems. We can not begin to express how happy we were with the work you performed. Your workers were very good; the work performed was on time as promised, and when they finished, the areas was far cleaner and neater than we could ever have imagined.

It is hard in this day and age to find a contractor who is honest, on time, and does the work promised with no hassles at all. It was a real pleasure doing business with you. If you ever need a recommendation, just let us know. We will be more than happy to provide one. May God bless you, your family, and your workers and their families.

With warmest regards,

Floyd E. Langley
