

October 22, 2017

Dear Mr. Dodson,

Thank you for your help with our foundation repairs. Your crew came out and did the work that needed to be done. The crew finished the work, cleaned up, and they left everything neat and clean.

At the time Mr. Dodson repaired our foundation, we had our house for sale. An interested buyer questioned Mr. Dodson's assessment of the work that had been done. Mr. Dodson hired a structural engineer to check the foundation. The engineer concurred and agreed with Mr. Dodson that the foundation did meet and exceed building codes.

We would recommend Dodson Foundation to anyone who has foundation problems.

Sincerely,

A. L. & Corale Rucker
