Dodson Foundation & Drainage  
P. O. Box 1699  
Allen, Texas 75013

Dear Mr. Dodson:

Just a short note to say "Thank You" for making the repairs to our foundation in our sunroom. The outside door now opens! We were concern about all the glass we had in the sunroom and the glass came through without any breakage. We are very happy with the work that your crew did. The area where the foundation work was completed, was clean and back to the way it was before repairs began. Your crew was very professional and helpful in a number of places.

We will recommend your company to my friends if they need any foundation work. We will call you if we need any additional foundation work in the future. Again, thank you for what you did.

Sincerely,

Stephen and Charlene Seachord
