Dear Tom,

I wanted to write this letter to you to thank you for helping me with my foundation quote. Your expertise and engineering contact helped me immensely as I sold my farm. The buyer tried to get the highest quote possible and your assessment and solution was a triumph in reasonableness and saved me thousands of dollars.

I highly respect your honesty. Please accept this bottle of champagne and letter of recommendation and a BIG thank you. I recommend your company to anyone that needs an honest assessment.

Thanks again.  
Jeff Tissing
