To Whom it may concern:

Highly recommended with overwhelming integrity! I wanted to make sure everyone knows what a professional and quality person Tom Dodson really is. Mr. Dodson came to our house to assess the condition of our foundation. He called ahead to let me know he was on his way. He called as he was progressing the 1 hour trip from his office to give me an update on his arrival. When he got to our home he handled what we thought was a crisis with a calm but direct approach. Mr. Dodson will give you a straight answer on the needs of your foundation and will not recommend costly work unless it is required. If anyone is reading this on the website, I told Mr. Dodson he is welcome to use me as a reference if needed. This is a man you can trust with your most costly investment, your home.

Feel free to contact me at 832-428-5920 if you would like to discuss further.
